Education

BRAC University, Dhaka

Expected: June 2028

Bachelor of Science in Computer Science and Engineering

Dhaka City College, Dhaka

2023

Higher Secondary Certificate

GPA: 5.00

Government Laboratory High School, Dhaka

2021

Secondary School Certificate

GPA: 5.00

Skills

Programming: C, C++, Java, Python

Systems & Tools: Linux (Arch), Git, Bash

Web: HTML, CSS, React, Node.js

Other: Competitive programming, problem solving

Projects

Godot Web Game Prototype

Godot Engine, GDScript

- Developed a browser-playable game using Godot with emphasis on performance and cross-platform compatibility
- Implemented core gameplay mechanics and export pipeline for web deployment

Line Following Robot (LFR)

Arduino, LFR Documentation

- Designed and built an autonomous line-following robot using IR sensors for real-time path detection
- Implemented control logic in C to process sensor input and dynamically adjust motor speed and direction
- Tuned sensor thresholds and motor response to improve stability and accuracy on curved paths

Experience

Head of Graphics Department, Soul of Excellence – Dhaka

March 2021 – December 2021

- **Led Graphics Department:** Led graphics team in designing impactful logos and banners, enhancing organizational visibility.
- **Interview Facilitation:** Co-hosted a photographer interview, guiding discussion on fundamentals, enhancing audience learning
- **Audience Engagement:** Managed audience questions during the event, driving interactive participation and engagement.
