

Fatin Tazwar Kishan

fatintkishan@gmail.com | fatintkishan.pages.dev | github.com/readeroaltrades | linkedin.com/in/fatintkishan

Education

BRAC University, Dhaka

Expected: June 2028

Bachelor of Science in Computer Science and Engineering

Dhaka City College, Dhaka

2023

Higher Secondary Certificate (Science)

GPA: 5.00

Government Laboratory High School, Dhaka

2021

Secondary School Certificate (Science)

GPA: 5.00

Skills

Languages: C, C++, Java, Python, JavaScript, Bash

Systems & Tools: Linux (Arch/CachyOS), Git, systemd, Raspberry Pi, ESP32, Arduino

Web & App Dev: HTML, CSS, React, Node.js, Vite, Electron

Creative Tools: Blender, Illustrator, Godot, DaVinci Resolve

Projects

Victus16 Fan Control GUI

Bash, Electron

- Wrapped a custom Bash fan-control script into a cross-platform desktop GUI using Electron, enabling profile switching without terminal access
- Packaged and distributed as a standalone app for HP Victus 16 users on Linux

En-Bn OCR Tool

Python

- Built a desktop OCR application that detects and extracts English/Bangla text from images
- Integrated image preprocessing to improve recognition accuracy across varied document types

Pi-hole Homelab

Raspberry Pi 5, Linux, DNS

- Deployed Pi-hole on a Raspberry Pi 5 as a network-wide DNS sinkhole, blocking ads and telemetry across all household devices
- Configured router-level DNS forwarding, custom blocklists, and query logging for network visibility

Pathfinder — Line Following Robot

C, ESP32 Documentation

- Designed and built an autonomous LFR using IR sensors for real-time path detection on an ESP32
- Implemented control logic in C to process sensor input and dynamically adjust motor speed and direction
- Tuned sensor thresholds and motor response to improve stability and accuracy on curved paths

Experience

Student Member, IEEE – BRACU Chapter

August 2025 – Present

- Contributing to CS and RAS (Robotics & Automation Society) sub-chapter activities and technical events

Head of Graphics Department, Soul of Excellence – Dhaka

March 2021 – December 2021

- Led graphics team in designing logos, banners, and event materials, improving the organization's visual identity
- Co-hosted a photography interview, guiding discussion on fundamentals and facilitating audience Q&A

Achievements & Certifications

Bangladesh Biology Olympiad — Regional Champion (2019), 1st Runner-Up (2020), 2nd Runner-Up (2018)

Certifications — DataCamp: Introduction to Git, Introduction to Python
